The **Community Development Block Grants (CDBG)** program provides annual grants to States and local units of government to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons.

The **Emergency Solutions Grants (ESG)** program provides funding to engage homeless individuals and families living on the street; improve the number, quality and operations of emergency shelters for homeless individuals and families; provide essential services to shelter residents, rapidly re-house homeless individuals and families, and prevent families/individuals from becoming homeless.

The **HOPWA** program provides housing assistance and related supportive services to local units of government, States and non-profit organizations for projects that benefit low-income persons medically diagnosed with HIV/AIDS and their families.
